Business Memo

Operating Model Reset: Simplifying Delivery and Decision Rights

TO: Executive Committee and Business Unit Heads

FROM: Marcus Lee, Chief Operating Officer

DATE: 7 October 2026

CLASSIFICATION: Internal - Management

Purpose

Reduce hand-offs, clarify accountability, and improve the speed with which priority client commitments move from decision to delivery.

Decision

Effective 1 November 2026, accountability for delivery will move to five end-to-end value streams.

What is changing

Field	Value
Five value streams	Client Onboarding; Markets & Confirmations; Payments & Treasury; Data & Regulatory; Enterprise Platforms.
One accountable executive	Each stream has one Executive Sponsor and one Value Stream Lead.
Fewer governance layers	Project-level steering forums will be consolidated.
Persistent product teams	Core capabilities will be staffed as enduring teams.

Why now

37% of priority initiatives experienced delay primarily from cross-team dependencies or unclear decision ownership.

Execution plan

Milestone	Action	Owner
Design	Confirm value-stream charters and decision rights	Executive Committee
Mobilise	Assign sponsors and value-stream leads	COO
Transition	Move accountability by 1 November 2026	Business Unit Heads
